OBJECTIVE

Seeking an internship in the field of computer science that utilizes my understanding of core java concepts such as object-oriented programming and application programming, while also expanding my knowledge of Data Science and Database systems.

EDUCATION

The University of Texas at San Antonio,
Bachelor of Science in Computer Science, GPA: 3.7

August 2022- May 2026 (Expected)

EXPERIENCE

Burlington – San Antonio, TX

July 2021 – November 2021

Cashier

- Synergized with a staff of 5 cashiers in a fast-paced work environment to check out customers and recuperate the front aisle which yielded a 20% increase in returning customers
- Regulated the area behind the cash registers and made sure of cleanliness and organization throughout the day to drive sales up by 15% compared to the previous quarter
- Mentored and instructed new employees on the register software, shortage control protocol, and the most optimal recovery strategies

ADDITIONAL

Skills:

- Programming languages: Java, C, Bash, HTML5, CSS, XML
- Versatile in the Linux environment
- Currently developing apps in Android Studio
- Strong understanding of Version Control
- Excellent customer service and communication skills that demonstrate a professional and welcoming attitude
- Proven ability to work efficiently and effectively in a diverse team setting
- Knowledge of computer hardware and troubleshooting skills for software

Leadership:

- Chess club Co-officer 2021-2022
- Computer Science Club member 2021-2022
